

DISTRICT OF NORTH SAANICH

COUNCIL POLICY

TITLE: TRAILS - TRAIL STANDARDS POLICY	NO. COU-092
<p>1. All new trail development surfacing in and through forested areas will consist of a crushed gravel surface instead of wood chips to reduce the risk of fire. Any steep sloped trail areas where wood chips are found to be the only practical alternative to prevent slips and falls, wood chips would be applied to the minimum area to provide safe access and that the wood chips are applied outside the Fire Hazard season.</p>
