

DISTRICT OF NORTH SAANICH

COUNCIL POLICY

TITLE: WATER SYSTEM - DISTRIBUTION	NO. COU-121
---	--------------------

Subject to the Municipal Act and Municipal By-laws:

A piped water supply may be made available to applicants:

1. If, in the opinion of the Approving Officer, there is sufficient supply to meet the anticipated demand;
2. If all costs in providing the supply are met by the applicant;
3. All installations are placed to the satisfaction of the Municipal Engineer;
4. If it can be shown that there will be no extraordinary costs borne by the municipality, such as booster pumps and storage tanks;
5. That the District reserves the right of control and regulation of timing, quantity and pressure when piped water is used for irrigation. (631/79)

A watermain extension constructed under the local improvement option shall include the installation of one fire hydrant for every one thousand feet. (728/82)

That pursuant to By-Law No. 259 and amendments thereto, authority be given to staff to amend, from time to time as required, the Specified Water Area records, including the Official Specified Water Area map, to reflect additions of properties served or able to be served by municipal water or by subdivision or by extension of watermains. (156/84)
