

RAYMON FARMERE

My name is Raymon Farmere, I am a Business Administration and Digital Marketing teacher in addition to being the Campus Director of Multihexa College in Victoria. I am running independently in this by-election. I am grateful and thankful to my nominators who helped me participate in this by-election. If elected to the position of councillor, I would like to do the following: get grants from the provincial government to give North Saanich more emergency and police services. Assist with making more affordable housing options available in the community. I would also like to come up with funding to raise the frequency of BC Transit Services coming into and going out of the community, so that residents have more transportation options. If elected I would like to hold town hall meetings to hear what residents in the community would like to see more of, and I will make your concerns my priorities.
